Use of Federal Supply Service LOGWORLD Schedule Contracts

Orders placed pursuant to a Multiple Award Schedule (MAS), using the procedures in FAR 8.404, are considered to be issued pursuant to full and open competition. Therefore, when placing orders under Federal Supply Schedules, ordering offices need not seek further competition, synopsise the requirement, and make a separate determination of fair and reasonable pricing. By placing an order against a schedule using the procedures outlined below, the ordering office has concluded that the order represents the best value and results in the lowest overall cost alternative (considering price, special features, administrative costs, etc.) to meet the Government's needs.

Purchase of Incidental, Non-Schedule Items

For administrative convenience, open market (non-contract) items may be added to a Federal Supply Schedule Blanket Purchase Agreement (BPA) or an individual order provided that the items are clearly labeled as such on the order, all applicable regulations have been followed and price reasonableness has been determined by the ordering activity for the open market (non-contract) items.

Contractor Team Arrangements

Federal Supply Schedule Contractors may use "Contractor Team Arrangements" to provide solutions when responding to a customer agency requirements. The policy and procedures outlined in the FAR will provide more flexibility and allow innovative acquisition methods when using the Federal Supply Schedules.

Incidental Support Costs

Incidental support costs are available outside the scope of this contract. The costs will be negotiated separately with the ordering agency in accordance with the guidelines set forth in the FAR.

Approval of Subcontracts

The ordering activity may require that *K2 Solutions, Inc.* receive, from the ordering activity's Contracting Officer, written consent before placing any subcontract for furnishing any of the work called for in a task order.

K2 Solutions, Inc. proposed base rates and fringe rates for the labor categories meet or exceed the Service Contract Act (SCA).

The Service Contract Act (SCA) is applicable to this contract and it includes SCA applicable labor categories. The prices cited for SCA labor categories are based on the U.S. Department of Labor Wage Determination Number(s) identified in the SCA matrix and below. The prices offered are based on the preponderance of where work is performed and should the contractor

perform in an area with lower SCA rates, resulting in lower wages being paid, the task order prices will be discounted accordingly.

The matrix indicates the SCA applicable labor categories using the SCA Wage Determination WD 05-2393 (Rev.-12) revised 06/13/2011 for North Carolina, Onslow County

K2 also anticipates providing these labor categories OCONUS and as such will propose OCONUS rates by following the State Department and DOL guidelines with the appropriate burdens.
